- To solve a puzzle you have to drop the red ball into the U
- Draw as many lines, polygons, and shapes as you need
- The ball and everything your draw react to the law of gravity... but gravity sometimes is reversed!

- 
- Beware not to trap the ball between a group of lines; if you get stuck, tap the restart button
  - Certain objects can change the ball's direction... and place!
  - Certain walls will make the ball bounce back
  - Buttons can open walls that block the path

This educational game features more than 100 physics problems suitable for all ages for you and your family to practice your problem solving skills, creative thinking and reflexes.
